

Fruit Fly Prevention

**NO FLIES
ON US!**
*Let's stop Queensland
Fruit Fly*

**FRUIT FLY POPULATIONS ARE
EXPECTED TO PEAK AS THE WEATHER
WARMS UP IN COMING WEEKS**

Now is the time to act & protect your home grown
apricots & nectarines for Christmas by:

- Use of insecticide or bait spray
- Trapping female flies
- Removing unwanted fruit

Funded by the Victorian Government's Managing Fruit Fly Regional Grants Program
